

SCHOOL ZONES

40km/h school zones help protect children on their way to and from schools at the times and places where they are often in high numbers. This lower speed limit reduces the risk and potential severity of a crash. School zone signs, dragon's teeth road markings and flashing lights improve the visibility of school zones.

School zone days

40km/h school zones are in force on all days which are not a weekend, a public holiday or a publicly notified school holiday for government schools.

School zone days include school development days, also known as student-free days, because some students may attend their school on these days.

School zone times

School zones in the vicinity of St Anthony's School operate from 8 to 9.30am and from 2.30 to 4pm in both Boomerang Street and Pearl Street.

Motorists must drive no faster than 40 km/h through school zones. Increased fines and demerit points apply for certain school zone offences, with illegal use of mobile phones and speeding among those included in [double demerit periods](#). Transport for NSW has more information on [fines and demerit point offences](#).

The safety of our children is paramount. Please do the right thing.
